

Name \_\_\_\_\_

## Give Us A Hand(ful)!

- A. How many blocks did **you** grab? \_\_\_\_\_
- B. Look at your class graph and think about how many blocks the **whole class** grabbed altogether! Make an estimate.

**My strategy:**

**My estimate:** \_\_\_\_\_

C. Draw a **before and after** picture.

**BEFORE**

What number did the counter show *before* your handful was added?

**AFTER**

What number did it show *after* your handful was added?

D. How many blocks did your class *actually* grab altogether?

\_\_\_\_\_

E. Draw a picture of the total number of packed blocks:
