

Do You See What I See?

Builder #1: _____

Builder #2: _____

Directions:

Builder #1.

Your first mission is to make a structure using the following blocks:

- Between 15 and 29 single blocks
- Between 2 and 7 blocks-of-10

Keep your structure hidden behind the construction paper.

Are you finished? Now, you must describe the structure to your partner.

Builder #2.

Your mission is to copy the structure without looking at it.

- Listen carefully to Builder #1's directions.
- Try to build an identical structure. This is not an easy mission - you must listen and think clearly at all times!

Builder #1 and Builder #2.

When both structures are finished, remove the construction paper and compare. How are they the same? How are they different?

Try it again. This time have Builder #2 make a structure.

On the back, write down some of the words that you used to describe your structures. Make drawings of your structures as best you can.
